

private podcast INSTRUCTIONS

Important: the ENTIRE FEED URL must be entered for your podcast app to be able to find the feed. Leaving off the https:// at the beginning or the / at the end of the URL will not pull up the private feed.

Overcast Application Instructions:

1) Select the "Add A Podcast" or "+" button in the top right of your screen

2) Select "Add URL" in the top right of your screen

3) Paste the ENTIRE feed URL:
<https://jodymoore.com/feed/private/>
and select "Done"

4) Enter your Be Bold Username and Password
Select "Next"
